

GET INVOLVED (3 segments)

Become a Block Captain

Block Captains will help with outreach on one or more blocks of the proposed district. Their role is critical as the more one-on-one contact we have with property owners in the district, the better chance we have of gaining the votes to establish a district.

Outreach can take place in one or all of the following ways, whichever way you feel most comfortable contacting owners near you:

- 1) **Create a list of neighbors** that you know in the proposed district, with contact information; you can provide this to us to ensure that everyone is invited to community meetings and gets the link to the website or you can follow step 2 on your own:
- 2) **Email your neighbors** that you know and present the concept of a Green Benefit District in the short message (we can provide for you), providing them with the link to the website so they can learn more.
- 3) **Drop off postcards on your block (or zone you have selected);** Postcards will have a brief explanation of the district and provide the website address so people can learn more.
- 4) **Host a Block Party:** Invite 5 or 10 neighbors to your home so that they can hear a presentation about the proposed GBD and have a chance to get together and discuss the idea as well as suggest their ideas for services needed.

Help with the "Parks Count" survey

An initial survey to see who uses our two main neighborhood parks (BVP and Corona Heights) will be conducted on September 12th from 4-6pm. If this goes well, and we can secure enough volunteers, we will host additional surveys at different times of the day and different days of the week.

Two volunteers will **conduct the survey on paper at all of the entrances** to the parks. We will also have postcards to hand out for those visitors who do not have time to stop and take the survey. The postcard will provide key information about a GBD and the website address so that they can take the survey at their leisure.

For those surveys done by hand, we will need **volunteers to input the data** into the online survey which will provide us with a comprehensive report and keep all the contact information together in one place.

Provide Special Skills

Do you have special skills with graphic design or preparation of promotional materials? Are you experienced with meeting presentation and process? What about website management or newsletter production? We would love your help!

- **Newsletter production**
- **Website management**
- **Graphic Design**
- **Promotional Materials**
- **Meeting process and Guidance**
- **Fundraising**
